- Blend of Master School students and professional learners
- Real business cases from EIT Digital ecosystem of industrial Partners
- Possibility for industrial partners to scout new talents

EIT Digital Education Programmes

Lessons learnt

Co-funded by the
European Union

Building a coherent pan-EU education programme is a huge effort

Success of programmes highly depends on USPs like pan-EU, T-Shape, entrepreneurship, mobility

Partner commitment to the vision at all levels (executive & delivery) is key

Make sure the economics work

Makers & Shapers Conversations
