DIGITAL EUROPE PROGRAMME

INFO DAY & PITCHING EVENT

20 OCTOBER 2022
09:30 - 11:30 CET

The poster features a central graphic with the text 'DIGITAL EUROPE PROGRAMME' and icons representing digital skills and innovation. The background is a vibrant, abstract design with overlapping circles in shades of purple, blue, and yellow. A white arrow points from the event title to the date and time.

Our interest and (possible) contribution

What can be shared:

- The DITA ATLAS (<https://www.ditaproject.eu/atlas/>) for Exploitation and or Dissemination purposes

Home [ATLAS](#) About Outputs Target News Contact 🔍

ARE YOU A TRAINING PROVIDER?
JOIN THE ATLAS

The screenshot displays the DITA ATLAS website interface. At the top, there is a navigation bar with links for Home, ATLAS, About, Outputs, Target, News, and Contact. Below the navigation bar, a banner reads "ARE YOU A TRAINING PROVIDER? JOIN THE ATLAS". The main content area features a search bar for training providers, a "Map" button, and "Login" and "Sign up" buttons. On the left, there is a "Search Courses" sidebar with filters for "All Countries" (checked), "technology area", "course language", "training channel", "start month", "start year", "end month", and "end year". The central part of the page shows a map of Europe with several green location markers. At the bottom, a green banner contains the text "To join the DITA ATLAS".

What can be added:

- Need analysis before designing new education programmes (engage SMEs Europe-wide belonging to different sectors)
- Review the new curricula / courses with DIHs (regional, national and European)
- Connect the new courses to existing ones (and establish further synergies) through the DITA ATLAS

“Digital Skills in Health” (working title)

Professor Minna Isomursu

Email: minna.isomursu@oulu.fi

- Target group in non-IT field: Healthcare professionals
- Bachelor and/or Master’s degrees (Oulu will do both)
- Focus on modules on key capacity areas (Data, IoT, AI, etc.)
- seamless collaboration between medical (e.g. medical imaging, biosignal analysis), care (e.g. nursing sciences) and ICT (e.g. IoT sensors, AI, health IS, health data spaces) disciplines
- Links with EDIHs (digital health EDIH in Finland) and Erasmus+ (UNIC)
- Looking for partners: Research centers and SMEs

A public-private investment model recognized as best practice

Broad regional and sectoral reach:

- Agri-Business
- Manufacturing
- Food/Drink
- Design
- Renewable Energy
- ICT/Technology
- Connected Health
- Medtech/Pharma
- Retail/Wholesale
- Financial Services
- Hospitality/Tourism
- Construction
- Engineering
- Aviation/Aerospace
- Transport/Logistics

INTERNAL INITIATIVES RELATED TO DIGITAL SKILLS

#girlsgonna_

Reducing the gender gap in the digital sector

VOCATIONAL EDUCATION CENTERS

AI and Big Data Vocational Education Programme

To prepare kids for the future by using creative technologies

NTT DATA FOUNDATION

We support talent through technology, innovation and entrepreneurship

OUR CONTRIBUTION TO THE TOPIC

We are the consortium partner you are looking for:

- IT experts (Data, IoT, AI, Blockchain, cybersecurity, HPC, quantum, data spaces, low-code) and excellence centres across Europe
- Knowledge of demands of the market
- Corporate University - courses and trainings' content development, according to the needs of the industry
- Mentoring
- Evaluation and implementation of trainings
- Employability plans development
- Members of an EDIH
- Participating in EBSI
- Experience in initiatives to support Digital Skills: Cloqq, Girlsgonna, NTTDATA Foundation
- Vocational Education Diploma issued by the Ministry of Education, Culture and Sports of Spain

We can meet the needs of the topic:

- ✓ To increase the number of courses, jointly designed by universities together with excellence centres and businesses active in the domain
- ✓ Partners in these consortia will be encouraged to share expertise
- ✓ Technological areas with a specific focus on one sector
- ✓ The courses need to reflect the latest state of the art of the technologies
- ✓ To provide opportunities to students to make use of the EU data spaces
